I am currently enrolled at Inscape for:

Architectural Draughting Interior Decorating

My course fees are paid up to date

I heard about Inscape and it's courses from:

Please enrol me in Durban

Please enrol me for the course ticked below:

AUTOCAD Essentials

R 4,435.00 One Week - Half day.

Monday to Thursday:

8:30am - 2:30pm

Oct 1 - 4

- INSCAPE is highly respected throughout the design industry and the Inscape Certificate is an assurance of a high level of proficiency.
- Each student has full and exclusive use of a computer throughout the course
- INSCAPE campuses are conveniently situated in:
 - Johannesburg - 1 Cecil Avenue, Melrose Estate
 - Pretoria - 431 Atterbury Road, Menlo Park
 - Cape Town - A302 The Armoury, Buchanon Sq, 160 Sir Lowry Road, Woodstock
 - Durban - 106 Montpelier Rd, Morningside
- These courses are run subject to demand

I understand and accept that:

1. the course fees must be paid to Inscape Design College a minimum of two weeks before the course commencement date;
2. this enrolment cannot be cancelled without written notice a minimum of fourteen days prior to the course commencement date, whether or not the fees have been paid;
3. certificates will only be awarded to students who have successfully completed the course and whose fees have been paid in full;
4. for *Built Environment*, I must have an architectural drawing background, and a general knowledge of the use of Windows;
5. for *Autocad Essentials*, I must have some drawing background, and a general knowledge of the use of Windows;
6. for *Autocad Advanced*, I must have completed *Essentials* or have at least 6 months experience in the use of AutoCAD.

I include herewith full payment of the Course fee.

AutoCAD User Certificate Course

AutoCAD Essentials (Standard 2D features)

The comprehensive AutoCAD course for absolute beginners AND experienced CAD users alike.

By the end of this hands-on course you will be able to produce drawings on AutoCAD.

Because it is a tutorial course, you will quickly become proficient in:

- getting started: drawing setup
- using the interface: menus & icons
- drawing and manipulating objects
- using special tools to simplify modifications
- dimensioning and hatching
- using many useful text features
- making & manipulating symbols (blocks)
- using layers, linetypes and pens
- producing complete drawings
- simplified plotting techniques
- efficient drawing file management and much, much more

The course fee includes comprehensive study notes, after-training help-line and finger lunches (on the full-day courses).

Successful candidates are awarded the internationally recognised AutoCAD certificate.

AutoCAD for the Built Environment

The custom written AutoCAD course specially for people in the architectural sector. It is particularly suited to Interior Decorators and to Architectural Draughtspeople.

By the end of this hands-on course, you should be able to produce architectural drawings using AutoCAD.

Because it is a tutorial course, you will quickly become proficient in:

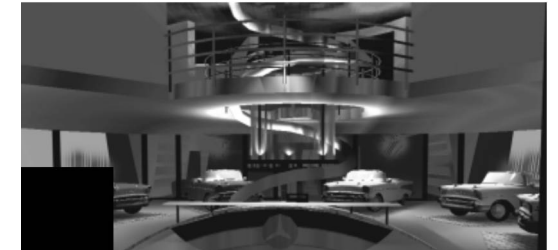

- getting started: drawing setup and titleblocks
- using the interface: menus & icons
- drawing and manipulating shapes like doors
- using special tools to simplify modifications
- dimensioning and hatching walls
- using many useful text features for notes
- making & manipulating symbols like windows
- using layers, linetypes and pens
- producing complete drawings to scale

part-time or full-time		
0861-inscape		www.inscape.co.za

- simplified plotting techniques
- efficient drawing file management and much, much more

The course fee includes comprehensive course notes.

Successful candidates are awarded the industry recognised Inscape certificate.

AutoCAD Advanced (Advanced 2D, 3D)

A hands-on workshop for users who need AutoCAD advanced 2D and basic 3D features.

The 2D part of the course covers:

- building in 'intelligence' (block attributes)
- smart object selection and manipulation
- multiple, smart parallel lines
- Xrefs (objects linked outside the drawing)
- amazing paper space and model space

The 3D part of the course covers:

- entering co-ordinates in the 3rd dimension
- viewing the drawing in 3D space
- shading a perspective projection
- producing wireframe surfaces from lines
- modifying 3D objects in space
- making solids from components (primitives)
- manipulating solid models (boolean ops)
- modifying 3D objects in space
- ubiquitous model space and paper space

The course fee includes all study material, after-training help-line and finger lunches (on the full day courses).

The international AutoCAD certificate is awarded to successful candidates.
