design careers workshop 2010

As your choice of career is one of the most important decisions of your life, we have specifically developed this workshop so that you can practically explore design as a possible career option.
The workshop, held each year during school holidays, is a fun experience where students actually produce interior design and graphic design works. (The necessary art materials are included in the fee.) Professional designers also answer questions about what it really means to be a practicing designer. Test drive your future career. Enrol for this workshop and 'be a designer for a day'.
Because of space limitations, preference will be given to Grade 11s and 12s and people who have already matriculated. **Please book well in advance to ensure that you secure a place on the workshop.**
