

Inscape Charity Projects and Social Responsibility - 2009

ABBA HOUSE

ABBA House is an organisation which cares for and protects abandoned babies and those given-up for adoption.

Once our group secured sponsorship and collected the necessary funding we improved the security at the house by having a wall built. We also added a water feature and rock garden to the front entrance making the site more welcoming and appealing.

In addition, we purchased a gazebo for them which will give the staff the opportunity to take the babies outside to enjoy the summer breeze. The rest of the money was donated to ABBA House to repair their sprinkler system. *Christopher Sebastio - Design Foundation*

REACH FOR A DREAM

We had the privilege of making dreams come true for children with life threatening illnesses. The thing that was really awesome was to make a child (that has not got a lot of hope left) smile and to make them feel like children again.

One of the dreams that we were allowed to make come true was that of a little guy that wanted a bicycle, toys and candy. We got him everything he wanted and took him to Mc Donalds to have some fun in their play area. We took one group to the Waterkloof Airforce Base and took them through the air force museum. We had a picnic with them and they were taken on a tour of the air force base.

We took another group to the Imax Theatre in Menlyn, watched a movie and had popcorn. Afterwards we took them to go and play the games in Galaxy World. We also got about 7 trollies of food from Pick n Pay (which we had to sort ourselves) and distributed this to different churches and orphanages. *Dean Geldenhuys*
