

Monkeying around!

At Inscape – “take a walk on the wild side” took on a whole new meaning while at Cape Point one Saturday!

While a visitor from America was running around the car to get pictures of baboon mummies with babies on their backs; Mr. B jumps in next to me, so needless to say I jumped out the other side, he was in the car for about 30 min, unpacked the entire contents of my handbag, chewed on my pepper spray, (fortunately it didn't ignite)..... With Inscape the “fun” is never far behind!!!

Mornay Schoeman - Cape Town Principal

Exciting Decorating Award for Inscape Students

the fabric library the fabric library the fabric library

In need of young, fresh, creative individuals to enter their organization as showroom assistants and sales representatives and with the idea of creating awareness of their brand to upcoming decorators and designers, The Fabric Library had formed a collaboration with Inscape Design College. The top 3 student's, nationally, will be afforded the opportunity of presenting their portfolio, curriculum vitae and written motivation to a selected panel for selection of the *Fabric Library Decorating Student of the Year Award*.

The Fabric Library will reimburse the selected students' entire year's tuition fee and employ the graduate on a three month probationary period. Thereafter the continuation of the employment will be agreed upon by Fabric Library and the graduate independently.

The Fabric Library will provide students with product knowledge, samples and expert knowledge on industry requirements and trends as part of the Inscape Design College Academic Advisory Council. They will also provide a floating trophy to be presented at graduation ceremonies held in May and September of every year commencing in 2010.

We look forward to a rewarding collaboration with The Fabric Library!

99 BOTTLES OF BEER ON THE WALL . . .

Charon Bartoszc, Nicole Welch (ID02) and their group designed a wall made entirely out of bottles for Materials and Manufacturing which forms part of the Interior Design second year syllabus. One question though . . . Who drank the contents of all these bottles and why were we not invited?

EXCITING CHANGES FOR INSCAPE PRETORIA

Is it a bird? Is it a plane? . . . no! . . . it's the new premises for Inscape Pretoria!

welcome and farewell

A warm welcome to new staff members Warren Bell, Ronnie Louw and Tsholofelo Malunga. We also have had to bid farewell to Jani Muller and Mark Roberts. Jani has moved on to greener pastures 'in the sky' and has finished her Air Hostess course (1st in her class!). *Good luck Jaanster!*

Right: Jani Muller, Pretoria receptionist extraordinaire!
